

They're oldies but goodies – Assessment activity

This is an **interpretation sign** from one of DOC's historical sites. It contains the following elements to provide information in an eye catching way:

- Colour
- Headlines
- Subheadings
- Timelines
- Quotes
- A map
- Historical photos and some from the present day
- Safety information

Your job is to design an **interpretation sign** for one of the four sites from the videos. Choose from Lindis Pass Hotel, North Head, Golden Point Battery or the Kaiaraara Dam

People have taken up the challenge of making sure these sites remain a record of the past. Your sign must make visitors really want to see the one you choose.

Good Luck!
