## WHY BUY STIHL

It's a truism in life that you get what you pay for.

There are many products on the market that seem to be a real bargain. Unfortunately they are cheap because they have been built that way. They have not been built to last. They have not been built to start first time and to keep going and going.

STIHL takes the opposite view – we design and build products that will tackle any job and keep working year after year. With proper service a STIHL should last you a lifetime. With that in mind, we think a STIHL is worth a little extra. Because STIHL will keep you going.

---

**GOING**

# DON'T LET WOOD GET IN THE WAY

A STIHL chainsaw comes with the advantage of world-leading quality and design. You can rely on them to power through any job. Whether you're in the back yard or the timber yard, you can't go wrong with STIHL.

## CHAINSAW TIPS

### De-tension the saw chain

When you've finished work, it's important to de-tension the chain. Because after being manually tensioned for use at the operating temperature, the chain contracts as it cools – risking damage to the driveshaft and bearings.

### Clean the engine

Your STIHL chainsaw should be cleaned after every day's work, particularly its cooling inlet and cylinder fins. If the saw remains unused for periods of over approximately three months, we recommend removing the saw chain and guide bar, cleaning them and spraying them with protective oil.

### Clean the air filter

A dirty air filter reduces engine output, increases fuel consumption and hinders starting performance. Check its condition regularly and clean it when necessary using a non-flammable liquid (e.g. warm, soapy water).

### Wear the right gear

Five minutes is all it takes, be safe with:

- Ear muffs • Glasses • Gloves
- Chaps • Boots

### MS 170 MiniBoss™

The most compact saw in the STIHL range, ideal for occasional home use. 35cm bar standard.

**\$498** SAVE \$50 

### MS 180 C-BE Top Of The Range

## IT'S TIDY UP TIME

STIHL helps you take care of whatever autumn leaves behind. Tackle the undergrowth as well as the overgrowth with STIHL's comprehensive range of trimmers and air brooms.

### TURN YOUR GARDEN REFUSE INTO VALUABLE FERTILISER EASILY, WITH THE AID OF STIHL BLOWERS OR VACUUM SHREDDERS.

- 1 Blow the leaves along the edge of a lawn or wall into a big heap.
- 2 Vacuum up the heap of leaves.
- 3 With a STIHL Vacuum Shredder the leaves are reduced to about 1/12 of their original volume.
- 4 The shredded organic material can be used for composting straight from the catcher bag.

### FS 38 Domestic LineTrimmer

With this lightweight LineTrimmer you can quickly trim your fence line or around obstacles. Ideal for the smaller garden.

**\$298** SAVE \$50

### FS 45 C-E Ergostart LineTrimmer

You'll be delighted with the 50% less effort required to start this domestic LineTrimmer. With the bump feed head you really can include trimming in your regular garden maintenance.

## THE STIHL SPECIALIST DEALER: OUR PROMISE

There's a certain something you will find at a STIHL Specialist Dealer that is lacking at the "big box" stores – it's a promise to give STIHL customers something extra:

- The full range of STIHL equipment
- Time to consider your options and the task at hand
- Knowledgeable and experienced staff
- Factory-backed product training with full service facilities
- Expert advice on the right tool for the job
- A full range of accessories
- The comprehensive STIHL warranty
- A spare parts guarantee for at least 10 years
- A piece of equipment that has been started, tested and is ready to go the minute you leave the store

All told, you will find service the way service should be.

**Enter in store now for your chance to win \$5,000 of the best gear from STIHL – it'll keep you going in all your outdoor pursuits.**

**Drop off your completed entry form at your nearest STIHL Specialist Dealer before 31 July 2008 for your chance to win.**
